Gladstone's Way of Speaking.
 A New Yorker who recently heard Gladstone speak in England says: "When Mr. Gladstone rose to speak his frame, which is almost massive, seemed to defy the inclemency of the place. When he commenced speaking he grasped the lapels of his coat in an awkward manner and heated more than you would expect in such a veteran of parliamentary debate. But as he grew more earnest all appearance of awkwardness passed away. There was no more of the words, and the audience listened spellbound. He had a peculiar way of drawing back the corners of his mouth just before beginning to speak, as if he was trying to get a purchase upon the ground. He was commanding. His voice is remarkably clear for a man of his age.—N. Y. World.

Penetrating his "Dark Continent."
 For some time past the attention of the reading public has been attracted to the wonderful cures wrought by certain Family Euclys, and having found these specifics of vast usefulness to our own family, we regard it a pleasant duty to make mention of the fact that two of them, No. one and seven, have been cured of coughs, colds and sore

LOUISVILLE MARKET.
(Published by Glover & Darrest, Louisville, Ky.)
 Sales on our market for the week just closed amount to 2,778 hogheads, with receipts for the same period of last year of 1,696 hogheads. Sales on our market since Jan. 1st amount to 42,239 hogheads. Sales on our market up to this date of the crop of 1889 amount to 25,243 hogheads.

The market this week has not developed any change in prices for dark tobacco, either old or new, and tobacco has declined more or less by reason of its length or wrappery qualities is in demand at good prices.

The offerings this week have embraced quite a number of hogheads in soft condition some of them having already tumbled. It is probable that the sales this week have shown more tobacco out of condition than has appeared previously since the beginning of the year. There has been an extensive sowing of plant beds in the market, and it is anticipated that later than usual yet, with favorable weather conditions, is sufficiently early. The following quotations rep-

Rev. J. L. Allen has been elected mayor of Danville, Ky.

Henry M. Stanley, the explorer, is now in Belgium and is everywhere accorded a most enthusiastic welcome.

Matt Quay is in imminent danger of being held up to the country as a common thief and of being placed on trial for his liberty.

Chas. E. Kincaid is now being tried at Washington on an application for bail. He is reported to be sick and threatened with consumption.

The Henderson Gleason need not worry about the KENTUCKIAN's position in the Congressional race. The KENTUCKIAN can easily find a man to suit its fancy in the present list of aspirants.

Formal eulogies upon Sunset Cox were pronounced in the House Saturday. Set speeches were made by about a dozen members, among them Col. Breckenridge of Kentucky.

The Democratic convention to nominate a Governor and other State officers in Tennessee will be held at Nashville July 15. Hon. Joe Baxter and Col. John M. Taylor are the two principal candidates for Governor.

The ill feeling between Cleveland and Dana has assumed a personal phase and both have taken to abuse and vituperation. This being the case, it is simply a private quarrel and no longer a question that interests the public.

Senator John K. Hendrick, of Livingston county, is a candidate for Attorney General. His slight draft on Christian county for her delegate vote will be honored. He is a friend to our people, three tried and found not wanting.

Representative Davis has introduced a bill to "protect the purity of primary elections in Hopkins county." Something of the sort is badly needed and the measure should be adopted by the county's party organizations whether it becomes a law or not.

The Pau-American Congress adjourned sine die Saturday. Mr. Blaine, who has presided, made a parting speech and then the delegates called upon the President in a body. They are now making a tour of the Southern States, before leaving for their homes.

Hopkinsville is the proper place to hold the Superior Court Convention. We are centrally located, accessible from all points, have ample hotel accommodations and a court room as large and as well arranged as any hall in the district. Let the convention be held here.

Col. W. H. Yost, Jr., of Greenville, has entered the race for Superior Court Judge. At present his only opponents are Hon. J. L. Dorsey, of Henderson, and Senator J. E. Wortham, of Letchfield. There is also some probability that Hon. W. M. Smith, of Mayfield, will enter the contest.

A strong effort is being made at Washington to change the five internal revenue districts of Kentucky into two new districts with headquarters at Louisville and Lexington. This would mean the abolition of the Owensboro, Lancaster and Covington districts and would deprive Hon. John Feland of his official position.

A sensational canard came from Pineville Friday pretending to give an account of a fight between outlaws and the State troops in Harlan county, in which five of the soldiers were severely wounded. The fight, it was alleged, took place seven miles from Harlan Court-house on Wednesday. Reports from Pineville Saturday pronounce the whole story a fake. There was no fight nor any collision to give ground to the story. The canard, however, got in its work and created intense excitement for two days. The soldiers now in Harlan are from Harrodsburg, Lexington and Frankfort.

LEGISLATIVE MATTERS.

The Louisville Park bill was the subject of much wrangling last week. Senator Lunsford has introduced a bill to amend the charter of the town of Crofton.

The bill giving Bowling Green a registration law and the Wallace election law has become a law.

The House last week passed an act to provide for the registration of voters in the county of Powell.

Mr. Myers has introduced a bill to abolish Harlan county and return it to the counties from which it was cut out.

The Paris Electric Light bill, vetoed by the Governor, was passed over his veto by the House, by a vote of 63 to 2.

Gov. Buckner has vetoed a bill prohibiting the sale and manufacture of ardent spirits in a common school district in Barren county. He objects to the manufacture.

The bill to establish a fourth Innate asylum was defeated in the House by a vote of 61 to 27. An appropriation of \$35,000 was made to enlarge the Anchorage Asylum instead of building another new one.

In the Senate Friday the Thorne bill was advocated by Mr. Dickerson, and in an amended shape by Mr. Lindsey. To save voting on so many amendments, Mr. Berry moved to lay the bill and all the amendments on the table. By a vote of eighteen to sixteen the motion prevailed, and the bill was killed.

THE CRAFT.

The Clarksville Progress came out Saturday in a handsome double edition.

The Lexington Drummer, W. H. Pulk editor, has changed its name to the Globe.

There are 275 newspapers published in Kentucky. Nineteen other states have a larger number.

W. P. Titus, of the Chronicle bindery, is all right; there are two of them, both girls. Just let him alone, he is helping the country. Immigration or no immigration, if everybody else will do as well as Titus, Clarksville will soon double her population.

Editor Gaines, of the Elkton Progress, acknowledges the gift of a pair of jeans breeches from a Louisville drummer. What loving most needs is not jeans pants, but Jane herself or somebody else to attend to half-soiling his old pants. He could then get along with fewer pairs of new ones.

Murat Halstead, editor of the Cincinnati Commercial-Gazette, has moved to Brooklyn to take editorial charge of the Standard-Union. His object is to establish a first-class Republican organ for the state of New York. Mr. Halstead has for thirty years been the moving spirit of the Commercial-Gazette. He will not entirely sever his connection with that paper.

The action of the Senate Friday in killing the Thorne bill will meet with the approval of all right-thinking men. The bill in itself was a piece of vicious legislation and its passage would have established a precedent that would have caused serious trouble. The bank bill and the miners script bill are equally as bad and ought to share the same fate. All of these measures affect private interests, which should be secured from legislation by the State that would injure if not destroy them.

The capture of Will H. Pope is the latest sensation in Louisville. Detective Geo. W. Mantzer telegraphed the information Saturday that he had overhauled and arrested the defaulting teller at the Mexican Village of Lamy, New Mexico, in Santa Fe county. Pope, it will be remembered, stole \$50,000 from the Louisville City National Bank and skipped out March 1. There is hardly a doubt that the right man has been captured.

Deafness Can't be Cured by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we can not cure by taking Hall's Catarrh Cure. Send for circulars, free.

Specific charges of embezzlement while Treasurer of Pennsylvania have been brought against Senator Quay by Mr. McVeigh and others who helped him make up the deficit. It is said President Harrison has notified him that he must vindicate himself or resign the chairmanship of the Republican committee. The amount stolen was up in the hundreds of thousands.

For years the editor of the Burlington Junction (Mo.) Post, has been subject to cramp colic or fits of indigestion, which prostrated him for several hours and unfitted him for business for two or three days. For the year he has been using Chamberlain's Colic, Cholera and Diarrhoea Remedy whenever occasion required, and it has invariably given him prompt relief. 25 and 50 cent bottles for sale by Buckner Leavell.

BEVERLY BUDGET.

BEVERLY, April 19.—Mrs. T. H. Major left this week to join her husband, who is stationed in Owensboro.

A road will soon be opened between A. H. Watkins' farm and the World place, making a direct outlet from this place to the Clarksville pike, which will be a great advantage to the traveling public.

The water at Swallow Spring is sinking rapidly and anyone can now cross the pike safely at that place.

Since the weather is better and the roads have gotten in a good condition, the leaders of the union prayer meeting say they will hold the meetings every Sunday evening at Beverly Academy. All denunciations are cordially invited to attend.

Will O'Brien is up again after several weeks' sickness of pneumonia.

Fishing never was better in Little River than it is this season. Crowds gather on its banks daily between Owensley's Spring and Striped Bridge, where they angle suckers larger than were ever caught before.

Messrs. Davis & Wills say their store will continue to be headquarters for Wheelers' supplies.

Nantz & Neuner's Circular.

Nantz & Neuner, the Louisville florists, have issued their illustrated catalogue of plants and bulbs for 1890. The pamphlet is a valuable hand-book for all who are interested in horticulture. This enterprising firm has added to its facilities by erecting three more green-houses, making a total of forty, covering an area of three acres, all under glass, heated by hot water. Every one who is interested in trees, fruits, shrubs and flowers should have their circular. They assure the public that every one of the plants named in their revised list is well worth raising, and is adapted to the climate of the Ohio valley and of the Southern States. Mr. Neuner's brother, who is an experienced florist, residing in Germany, has made a tour of the world especially to select European novelties for the nurseries of the firm near this city. Their customers will certainly appreciate the advantage thus offered.

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity without irritating or weakening them, use Syrup of Figs.

Godley's Lady's Book for May presents its usually attractive table of contents, as well as the latest fashion plates. This magazine makes a specialty of good short stories, and makes excellent selections of original manuscripts for light reading. There are, as well, two serial stories of greater length and unflattering interest by popular authors.

The condition of things in the flooded districts of the south is now more hopeful. The waters are beginning to recede and cotton planting can begin in about ten days.

A Pair of Pictures.

Newspaper readers must have been carried away with the description of the pictures at the O'Neill sale. The catalogue was the work of George Salmon, of Meddis & Southwick. There were no names on the pictures, and Sam Meddis, knowing George's former weakness for painting things, selected him to write out a catalogue. The first canvas was a whimsical-looking Dutchman eating krant out of a china bowl. His face had a wrapt expression and he seemed swathed in delight. George began his catalogue:

"No. 1.—A German Lander."

The next picture unearthed was a companion piece. A queer-looking character sat at a table upon which was a bottle nearly full of whisky and a glass brimming full of the liquid. "What would you call that, George?" said Meddis.

"That," said Salomon, "that—why, certainly call it—"

"No. 2.—An Irish Lander."

And so he went through the entire gallery and was never at a loss for a title.—Louisville Critic.

The medical fraternity, backed up by carefully compiled statistics, is almost a unit in declaring that a moderate use of stimulants conduces to long life. It is also admitted that old whiskey is by far the best stimulant that can be used. Leading physicians recommend the I. W. Harper Whiskey, because it is pure, possesses of a superior flavor and bouquet, and is not offered for sale until it is old and thoroughly matured.

The Democratic Committee of Hopkins county will meet to-day to investigate the charges of fraud which have been freely made in regard to the primary election last winter. Two of the nominees had a very narrow margin in their favor and if the Earlington poll book be purged their opponents will probably be counted in. It was in the Earlington district that the frauds are alleged to have occurred.

CREAM OF NEWS.

Shot in the Foot.

Mr. D. A. Tandy was accidentally shot in the foot Saturday while handling a target gun in Thompson & Meador's hardware store. He was examining the gun with the weapon resting upon his foot when it went off and made a painful wound. The injury will not interfere with Mr. Tandy's business.

A Baby Drowned.

Little Herbert, a two year old son of Mr. and Mrs. Geo. F. Myers, of Crofton, was drowned about 3:30 p.m. Saturday in a water box that had been used last summer to keep the milk cool. The water was about sixteen inches deep. Efforts were made to resuscitate him but they all failed. The bereaved parents have the sympathy of the community.

Tom Burbridge Complimented.

During a recent visit to Washington, Mr. T. B. Burbridge, of Fort Worth, Tex., was given a complimentary dinner by his Congressman. The correspondent of the Fort Worth Gazette makes this reference to the event: "A complimentary dinner was given at Chamberlain's to-night by Congressman Crain and Col. Ochiltree in honor of Messrs. Peter Smith and T. B. Burbridge, prior to their departure. Among the distinguished guests were Senators Edmunds, Wallcott and Allison, and Congressman Perkins, of Kansas. Mr. Burbridge, who is a typical hustler, has captivated many of the leaders of the House by his frank, open and hearty manner, and has done yeoman service for Fort Worth's interests while here."

Burglars Enter Two Houses.

Mr. John Young's residence on West Seventh street was entered by a burglar Saturday night and his pocket book with its contents stolen. Nothing else was molested. Mr. Young's clothes were found the next morning on the back porch, his watch still in the vest pocket. The door on the back porch was found open. Mr. Young thinks the back door was left unlocked through some oversight and the thief had no difficulty in getting in. He secured \$25.35 in cash.

A thief also entered Mr. W. H. Fyke's residence the same night and went through every room, evidently hunting money. He found none and left without molesting anything. Mr. Fyke handles a good deal of cash, but has a safe place to keep it and thieves need not waste time looking for it.

A \$5,000 Horse.

Maj. S. R. Crambrough has purchased of Walter Gratz, of Philadelphia, the celebrated thoroughbred stallion, Elkwood. He will use this famous horse as a sire at his breeding establishment. Price \$5,000.

Elkwood, during his turf career, won many great races, beating such first class horses as Hanover, The Bard, Klagston, Firenze, Terra Cotta, Dry Monopole, Exile, Eurus, Eolian, Dew Drop, Volante and a host of others. Perhaps Elkwood's two greatest races were in the Kenner Stakes at Saratoga, in which he carried 118 lbs. and ran two miles in 3:34 as a 3-year-old. This has never been equaled on this track. He also won the great Suburban with 120 lbs. upon 2:47, one and a quarter miles. This is the fastest Suburban ever run. That Elkwood is a great horse there can be no doubt and he will be a great acquisition for the breeding interests of Ky. He will arrive by the first of May.

Four prisoners broke from the Clarksville jail last week, but they were all re-captured after eluding the officers for a day or two. "Well, what kind do you want, my little fellow?" asked the butcher. "I want a square steak," said the little fellow, who was promptly waited upon without further ceremony.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

Hundreds of names have been attached to petitions calling upon Judge Winfree to re-assemble the Court of Claims in special session to settle the question as to whether the whole court approves of the donation made by the 14 magistrates who voted for the \$5,000 railroad fee. This is a matter of the greatest importance and one that justifies the step. Judge Winfree will call the meeting for the near future and let the entire court settle the matter once and for all. \$5,000 is quite a large sum for the county to throw away.

Thos. Clark shot and wounded Ed. Brown, in a difficulty near Fairview last week. Brown was hit in the thigh with a pistol ball, but was not dangerously hurt.
